BENEFITS & WELLNESS NEWSLETTER

February 2013

Open Enrollment

Produced by the Franklin County Benefits and Risk Management Department for members of the Franklin County Cooperative Health Benefits Program

Franklin County is pleased to continue providing its employees with an outstanding healthcare benefit program. Employee benefit cost sharing efforts over several recent years have made a significant difference in controlling the County's overall healthcare costs. Thanks for being smart health care consumers. As a result, the County is still able to offer a comprehensive healthcare package at reasonable costs to all participating employees. For information about rate changes, refer to pages 22 and 23 of this newsletter.

Adopting healthier lifestyles is one of the best tools we as individuals have to control rising healthcare costs. Doing so will lower the risk of developing costly chronic diseases. It's well-known and documented that 70-percent of all healthcare spending is related to lifestyle and environmental factors (diet, lack of preventative care, exercise, smoking, etc.). Active living and healthy eating are keys to better health outcomes.

To that end, the County will provide Wellness programming in the coming year to help educate, encourage, and help you in developing a healthier lifestyle to benefit you, your family, and the overall health of the County's benefit program. Good health is good for everyone. Check the *ThriveOn* and the Board of Commissioners websites regularly for information on other exciting Franklin County healthy lifestyle initiatives such as *Let's Move!*, Community Gardens, *Not Me* Diabetes Prevention program, Walking and Stair clubs, and *MyPlate* Healthy Nutrition. Stay tuned, better health is just a few steps away. Please remember to share with the Benefits Office any good ideas that you have regarding how to get more employees involved in the promotion of good health and living.

Please contact the Benefits Office at 614-525-5750 if you need additional information about the April 1st rate changes, or about participation in Wellness programming in the coming year.

PPACA REQUIREMENTS: W-2 REPORTING AND SBCs

The Patient Protection and Affordable Care Act ("PPACA") requires your employer to report the cost of your health benefits on your W-2 starting with the 2012 tax year (W-2's issued in January 2013). This new required reporting is for information purposes only and does not represent a new tax.

The reported cost of your health care benefits represents both your contribution as well as your employer's contribution and includes medical, pharmacy, behavioral health, dental, vision and wellness program costs.

"This new required reporting is for information purposes and does not represent a new tax."

Look for Box 12 on your 2012 W-2. The amount labeled "Code DD" is your reported health care cost. The IRS has created Code DD as a label specifically for this reporting requirement.

Another requirement of the PPACA is that all health plans create a Summary of Benefits and Coverage (SBC) and Uniform Glossary. The SBC is an eight-page form in a simple question-and-answer format that provides you clear, consistent and comparable information about your health benefits. The Uniform Glossary provides definitions of the terms used in the SBC.

"The SBC ... provides you clear, consistent and comparable information about your health benefits."

The SBC is similar to a nutritional label you find on a food item. You use food labels to compare nutritional information food items; you use the SBC and Uniform Glossary to compare one health plan to another. It isn't going to tell you ALL about the plan, but illustrates high level details.

Your SBC is posted on your Dashboard on the online enrollment system, and on the Benefits Office webpage at <http://bewell.franklincountyohio.gov>. Paper copies are available from your Benefits Office.

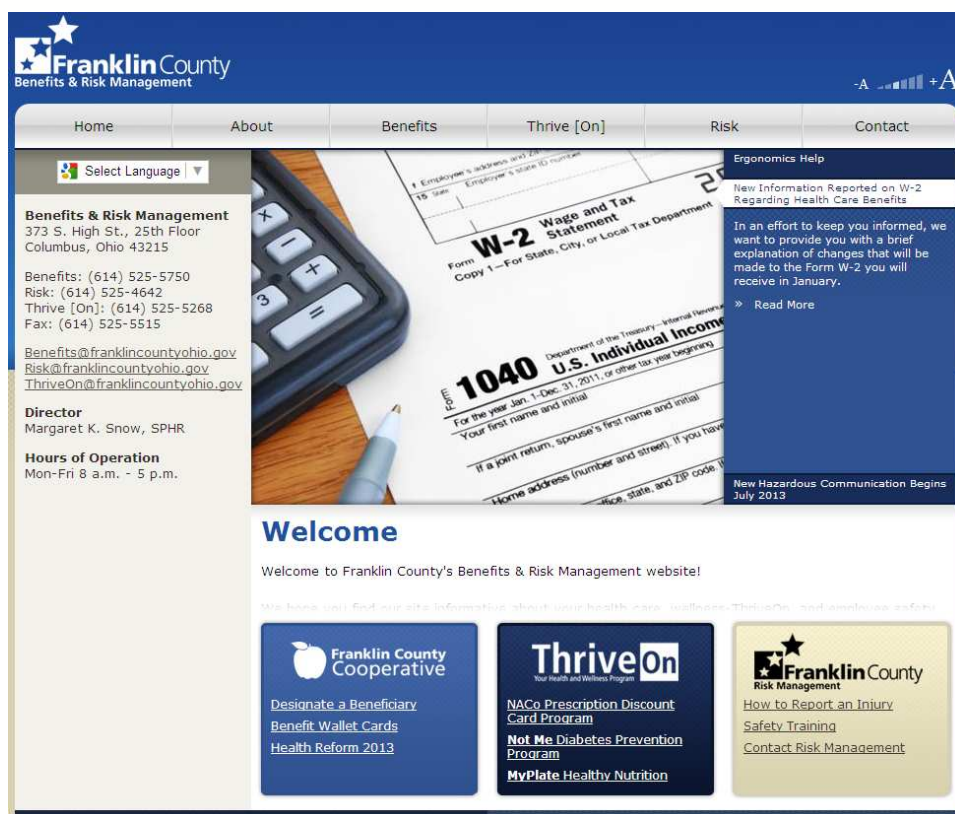

For questions about your W-2 or your SBC and Uniform Glossary, contact the Franklin County Benefits Office at 614-525-5750 or toll-free at 1-800-397-5884.

IMPORTANT INFORMATION ABOUT OPEN ENROLLMENT!

Open Enrollment is your once-a-year opportunity to make changes to your health and life benefit elections for the coming plan year. You are required to confirm your benefit elections for the 2013-2014 plan year. If you fail to do so, coverage will terminate March 31, 2013.

- **Read this *Spotlight* newsletter from cover to cover.**

- **Open Enrollment is Monday, February 11, 2013, through Sunday, March 3, 2013.**

- **The 2013-2014 Open Enrollment is MANDATORY.**

Your 2012-2013 benefits enrollment **WILL NOT** rollover to the 2013-2014 plan year. If you do not confirm your benefits during Open Enrollment, your benefits will terminate March 31, 2013.

- **Confirm your 2013-2014 benefits enrollment at <https://mybenefits.secova.com>.**

All Open Enrollment changes will be made online in your NEW! Enrollment system. Refer to pages 6-13 for a detailed 'walk' through the new system. Your dependents, your coverage selections and costs are already illustrated in the new system - *no re-keying all your information!* There are a few new questions you will need to answer this year and you will need to re-designate and re-allocate your beneficiaries.

There are multiple employee meetings scheduled throughout Franklin County agencies during Open Enrollment. You are encouraged to attend. Computers will be available at these meetings and Benefits Office staff will be available to anyone requiring assistance with their enrollment. As always, if you have questions, please contact the Benefits Office at 614-525-5750.

YOUR DASHBOARD — MY INFO — MY DEPENDENTS

The screenshot shows a web dashboard with tabs: Home, My Info, My Dependents, My Beneficiaries, and Life Event. The 'My Info' tab is active. On the left, there are sections for 'Personal Details' (with an [Edit] link), 'Dependent Details' (with an [Edit] link), and 'Beneficiary Details' (with an [Edit] link). The 'Personal Details' section includes fields for Name, Employee Code, SSN, Date of Birth, Address, Home Phone, and Email Address. The 'Dependent Details' section states 'No dependents are added for you'. The 'Beneficiary Details' section states 'No beneficiaries are added for you'. The main content area shows a table for coverage with columns: Coverage, Start Date, and Employee Cost (Pre Tax, Post Tax). The table is empty with the message 'No coverage data available for display'. Below the table, it says 'Total \$0.00 \$0.00'. A red message states 'Your elections are incomplete. Click "View Benefit Summary" to review and confirm your elections.' with a link 'View Benefit Summary'. On the right, there is an 'Open Enrollment' section with a 'Start Enrollment' button. A cartoon dog is pointing to the 'No Alerts Available' message.

This page is called your Dashboard. All information about YOU, YOUR DEPENDENTS and YOUR BENEFICIARIES is accessible from this page. All OPEN ENROLLMENT and LIFE EVENT activity starts from this page as well. (Kind of like the dashboard of your car!)

In the example above, the Dashboard states 'No coverage data available for display'. This is because you have never confirmed any benefits in this system. All your dependents, health and life coverage elections, costs, etc. are loaded in the system already (We transferred them from the old enrollment system!) and once you confirm your 2013-2014 benefits, your enrollment will be visible on your Dashboard.

You'll want to Click on the "Start Enrollment" button to begin your BenefitsWalk, but take a few minutes to explore your Dashboard. It will give you a better understanding of the directions that you encounter throughout the system.

Personal Details [\[Edit\]](#) and My Info

- Click the [\[Edit\]](#) button or the **My Info** tab to access your personal information. To better communicate with our members, we are requiring email and phone numbers. If you do not have an email, please contact the Franklin County Benefits Office. Tobacco Use is also requested as well as other spousal coverage, if applicable.
- You have the ability to alter the Telephone, Email and Marital Status fields. All other changes must continue to be made through your payroll officer.

Dependent Details [\[Edit\]](#) and My Dependents

- Click the [\[Edit\]](#) button or the **My Dependents** tab to review, edit or add dependents that you intend to enroll in ANY benefit, including supplemental life.
- If you wish to change any information for a dependent, click the "Action" column, make the necessary changes, and "Save".

The MY BENEFICIARIES tab is where any person that could be named as a beneficiary is listed. The enrollment system is programmed with logic that says, 'I'll bet this employee wants to name his enrolled dependents (his spouse, his dependent children, etc.) as beneficiaries. I'm going to help him out by automatically listing them in the MY BENEFICIARIES tab so he doesn't need to re-key all of their information.'

The employee in the illustration above has 4 individuals listed in MY BENEFICIARIES. His spouse and his two children are enrolled in benefits so they are automatically pulled from the MY DEPENDENTS tab and listed here. He used the "Add Beneficiary" button to add his sister as a beneficiary. So when the employee arrives at the Beneficiary Election page in the BenefitsWalk, these potential beneficiaries will appear and he can make his beneficiary designations quickly and easily!

The 'BenefitsWalk' title is present, and the cartoon dog character is now pointing towards the 'Election Summary' step in the progress bar. The progress bar shows four steps: Interactive Question, Health, Life, Beneficiary Information, and Election Summary. The first three steps have green checkmarks, while the fourth has a yellow arrow. It contains four input fields: 'Work or Personal Phone Number*', 'Work or Personal Email Address*', 'Marital Status*' (with a dropdown menu showing 'Married'), and 'Are you a tobacco user?*' (with a dropdown menu showing 'NO'). A green 'Save & Continue' button is located at the bottom of the form.

The INTERACTIVE QUESTIONS are designed to gather information that will assist in the development of program strategies and product offerings as well as communication efforts with members. ALL INFORMATION IS 100% SECURE and 100% CONFIDENTIAL. After answering the questions, hit "Save & Continue" to move to the next screen.

HINT; As you make your way through the BenefitsWalk, watch the yellow arrows turn to green circles with check marks. If you have a page the doesn't turn from yellow arrow to green circle with check mark, you may want to go back and make sure you have completed all necessary elections.

SELECT HOME DELIVERY

Two years ago, the Select Home Delivery program was introduced in an effort to increase awareness of mail order pharmacy services.

Select Home Delivery required members who were getting a maintenance medication at a retail pharmacy to make a choice - stay at retail or move to mail order - and notify Express Scripts, Inc. of their choice. It did not require the use of mail order - just a conscious decision to use retail or mail.

As a result of the Select Home Delivery program, there has been a marked increase in the use of mail order.

"... the requirement to choose between retail and mail order and to notify Express Scripts, Inc. of that decision will no longer be necessary."

The use of mail order will continue to be encouraged, however, the requirement

to choose between retail and mail order and to notify Express Scripts, Inc. of that decision, will no longer be necessary.

Mail order continues to provide cost savings and is a convenient way to obtain your maintenance medications. There is even evidence to suggest that patients who use mail order are more likely to stick to their medication plan because their refill is just a call or mouse click away from showing up at their door!

- Legal consultation from a licensed attorney
- Mediation services
- Financial counseling from a credentialed financial professional

www.liveandworkwell.com, UBH's website, provides information on both your behavioral health and EAP benefits and services. It also offers an enormous resource library ... from articles about how to address bullying to downloadable do-it-yourself will kits.

To access services, call United Behavioral Health at 1-800-354-3950.

DOMESTIC PARTNER IMPUTED INCOME

Franklin County allows coverage for domestic partners and the children of domestic partners (when the domestic partner enrolls). The same employee contribution that applies to a spouse, applies to a domestic partner. However, because the IRS does not consider domestic partners and domestic partner children as 'tax-qualified' dependents, additional taxation occurs when a domestic partner and domestic partner children are enrolled.

Based upon IRS guidelines, a) the portion of the employee contribution that is attributable to the domestic partner or domestic partner children cannot be deducted pre-tax; and b) the value of the domestic partner benefit must be taxed as imputed income.

"... additional taxation occurs when a domestic partner and domestic partner children are enrolled."

In the illustration below, Tom adds his domestic partner, Gail, to his plan. Tom's monthly employee contribution is \$207. \$101 of his monthly contribution is deducted pre-tax. \$106 - the portion of Tom's contribution that is charged for his domestic partner - is deducted post-tax. This is a minimum impact to Tom's pay.

The tax that is applicable to the value of the domestic partner benefit is much more substantial and could significantly reduce Tom's take home pay. The value of the domestic partner benefit without domestic partner children for the 2013-2014 plan year is \$884.18. The value of the domestic partner benefit with domestic partner children is \$911.57. This value is considered imputed income and taxed at Tom's normal rate.

For example, Tom is in the 20% tax bracket. The imputed income charged to Tom is \$884.18. 20% of \$884.18 is

\$176.84. Tom owes \$176.84 in taxes each month. These taxes are deducted from Tom's pay regularly.

Dennis' Coverage Level with Gail	Dennis' Monthly Employee Contribution for Employee plus Domestic Partner coverage			Dennis' Imputed Income
Employee plus Domestic Partner	\$101 Pre-tax	\$106 Post-tax	\$207 Total	\$884.18

Tom's monthly pay will be reduced by the following amounts:

\$101	pre-tax contribution
\$106	post-tax contribution
<u>\$176.84</u>	tax on imputed income
\$383.88	total

There are several ways to identify your 2013-2014 imputed income:

- Look for the Domestic Partner Imputed Income Chart posted on the online enrollment system.
- Go to the Franklin County Benefits Office website at <http://bewell.franklincountyohio.gov>.
- Call the Franklin County Benefits Office.

If you enroll a domestic partner and discover the additional taxes are too much, you will not be able to drop coverage for your domestic partner until the next Open Enrollment. **Therefore, you are encouraged to research your options thoroughly and to seek advice from a tax attorney.**

DEPENDENT ELIGIBILITY TEST and YADs

Dependent children from birth through age 27 are eligible for coverage. (Eligibility ends the last day of the month in which the dependent reaches age 28.) Dependent children age 26 and 27 are identified as **Young Adult Dependents or YADS** and must meet more stringent eligibility criteria than dependents less than age 26.

At Open Enrollment, you are asked to review the eligibility requirements of the plan to ensure your dependents continue to meet the definition of an eligible dependent. For each child you currently have covered or intend to request coverage for during this Open Enrollment, answer the following questions to determine eligibility:

TO CONFIRM ELIGIBILITY FOR A CHILD: Place a ✓ in each box that applies.

STEP 1: My child is:

- ☐ A natural, step or adopted (includes placed for adoption) child of mine, my spouse or my domestic partner
- ☐ A child for whom legal guardianship has been awarded to me, my spouse or my domestic partner
- ☐ A child for whom health care coverage is required through a "Qualified Medical Child Support Order".
- ☐ A grandchild, i.e. a child of an eligible dependent child

If you did not check a box in STEP 1, your child is NOT eligible. If you checked a box in STEP 1, proceed to STEP 2.

STEP 2: My child is:

- ☐ Less than 26 years of age
- ☐ Age 26 to 27 and is:
 - Unmarried
 - Not eligible for coverage through his/her employer
 - Not eligible for coverage under Medicaid or Medicare
 - Residing in the state of Ohio or residing outside of the state of Ohio and enrolled as a full-time student at an accredited school, including college/university, vocational, technical, cosmetology, automotive or similar training schools
- ☐ A disabled dependent, defined as a child of any age who is not able to be self-supporting because of a mental or physical disability that began while the child was an eligible dependent.

If you checked a box in STEP 2, your child is eligible. If you did not check a box in STEP 2, your child is NOT eligible.

PREMIUM FOR YADs:

If you checked the second box under STEP 2 (Age 26 to 27), you are the parent of a YAD. If you request coverage for a YAD or if a dependent currently on the plan turns age 26 and becomes a YAD, you will be asked to complete a Young Adult Dependent Affidavit of Eligibility. An additional monthly premium is charged for each covered YAD. Effective April 1, 2013, the additional monthly premium is: **\$300**
